Reissue Application No.: 09/752,759 :  
Filed: December 28, 2000 :  
For: SYSTEM FOR ACCESSING AMENITIES THROUGH  
A PUBLIC TELEPHONE NETWORK

This is a communication in regard to the Protester's Petition to Expunge Information, filed November 5, 2001 and to the Protester's Withdrawal of the Petition to Expunge, filed February 22, 2002.

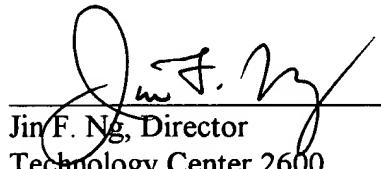

Pursuant to 37 C.F.R. § 1.291(c):

*A member of the public filing a protest in an application under paragraph (a) of this section will not receive any communications from the Office relating to the protest, other than the return of a self-addressed postcard which the member of the public may include with the protest in order to receive an acknowledgement by the Office that the protest has been received. In the absence of a request by the Office, an applicant has no duty to, and need not, reply to a protest. The limited involvement of the member of the public filing a protest pursuant to paragraph (a) of this section ends with the filing of the protest, and no further submission on behalf of the protester will be considered, except for additional prior art, or unless such submission raises new issues which could not have been earlier presented.*

Ordinarily, no submissions of any kind by the protester filed after the filing of the protest will be acknowledged or considered in accordance with 37 CFR 1.291(c). The Office will not add arguments or comments to the original protest and will not enter them in the application file. See MPEP Section 1901.03. The protester's November 5, 2001 Petition to Expunge Information from the Reissue and the protester's February 22, 2002 Withdrawal of the Petition to Expunge are deemed to be inappropriate 'further submissions', neither of which can be considered or entered in the application file. Both of these improper submissions are being returned herewith.
